

Seagate Village Homeowners Association

Membership List Opt-Out Form

Seagate Village Homeowners Association is required to maintain membership lists as part of its corporate records. Membership lists include each owner's name, property address, mailing address, and email address. Because corporate records are subject to inspection by the members, membership lists are also subject to member inspection unless a member submits this form to the Association to opt out of sharing his or her information pursuant to Civil Code § 5220. This opt out shall remain in effect until changed by the owner.

Note: Opting out does not mean the owner cannot be contacted by other owners. Rather, if an owner opts out, the Association will provide an alternative means for contacting owners who have opted out pursuant to Corporations Code § 8330 subdivision (c).

By submitting this completed form, I agree to opt out of sharing my personal information from my membership list. I also understand that, subject to the alternative methods employed by the Association, my information will not be shared unless I submit a request to opt in for my information to be shared.
